

## RAPID SS Sound Barrier

<b>Sound Barrier – RAPID SS</b>		Maj/05 - 1								
<b>Speed with which the protection is made</b>	<p>Two tasks must be solved fast. One is to prevent the thief access to the premises; the other is to seal off the area that needs protection. RAPID SS Sound barrier is a technically very advanced generator of sound waves. Highly unpleasant sound waves attack the burglar's bearings and sense of well-being.</p> <p>Escape becomes his primary concern. Each model covers about 75 m<sup>2</sup> For maximum effect combine the sound barrier with fog cannons.</p>									
<b>Safety in the system</b>	The system monitors itself and is activated by the alarm system or the fog cannon.									
<b>Specifications</b>										
Size	Attractive and compact design: 390 x 40 x 160 mm, vægt: 1,5 Kg. Cabinet of aluminium and with chrome front. Delivered with battery back up
